

Telecom Technicians

Growing 30-year telecommunications engineer, furnish & install (EF&I) company is seeking experienced technicians. We are recognized throughout Alaska for our expertise in providing voice and data communications infrastructure via satellite, microwave, and fiber optics to urban and remote locations.

We are looking for dependable self-starters who are able to travel and can demonstrate abilities in one or more of the following areas:

- 2-way radio
- Microwave radio
- Satellite communications
- PBX and Telephone systems
- Fiber-Optic Networks
- Inside/Outside cable plant

Qualified candidates must be able to work on communications towers up to 300 feet, able to lift 70 lbs.

We offer excellent benefits and a professional, business casual, family friendly environment.

Salary DOE. Equal Opportunity Employer.

Interested candidates should send a resume with cover letter to Human Resources:
